Professionally known as Ticha Denis Kruger

EDUTECH FACILITATOR | DIGITAL SKILLS MASTER TRAINER | WEB DEVELOPER

Kampala, Uganda | +256 706 457 905 | deniswogisha@gmail.com | www.tichadeniskruger.com

PROFESSIONAL PROFILE

Registered ICT and Mathematics Education Officer, EduTech facilitator, digital-content developer and web developer with more than eight years of experience in education, digital-skills training and technology-enabled learning. Proven experience designing curricula and facilitating practical training for teachers, school leaders, young people and university students. Delivered assignments with UNICEF Uganda, Refactory, PEAS Uganda, Sharebility Uganda and other education partners. Skilled in digital pedagogy, training-of-trainers delivery, WordPress, learning management systems, digital-content creation and educational technology integration.

CORE COMPETENCIES

Digital Skills Training & Capacity Building | Training of Trainers | Curriculum & Content Development | Educational Technology Integration | WordPress & Web Development | Learning Management Systems | Facilitation & Public Speaking | School Information Systems

PROFESSIONAL EXPERIENCE

Vice Chairperson | EduTech Teachers Network (ETN)

Kampala, Uganda | January 2025 - Present

- Support strategic leadership and coordination of a professional network advancing effective technology integration in teaching and learning.
- Plan and facilitate professional-development programmes on digital pedagogy, e-learning tools and innovative teaching practices.
- Coordinate stakeholder engagement and represent the network at workshops, events and policy discussions.

UNICEF Digital Skills Master Trainer | Selected Assignments

Uganda | July 2025 - July 2026

- Co-facilitated a five-day Digital Innovation Bootcamp for 10 Digital Champions from five secondary schools in Kyegegwa District, integrating digital skills with the UPSHIFT methodology.
- Mentored teams through problem analysis, stakeholder mapping, user research, ideation, rapid prototyping, resource planning and final pitching.
- Guided participants in using Google and Microsoft Forms, Canva, Figma, PowerPoint, Excel, AI tools, CapCut and WordPress to develop and communicate community-focused solutions.
- Facilitated Digital Skills Toolkit Training-of-Trainers workshops for more than 100 secondary-school teachers across Gulu, Lamwo, Adjumani, Ntungamo and Kyegegwa districts.
- Facilitated a Mini Digital Innovation Bootcamp for 30 in-school and out-of-school learners in Adjumani District, supporting product ideation, pitch development and resource planning.

Foundation of Software Development Facilitator | Refactory Limited Uganda

Mbarara District | January - February 2026 and May 2026

- Developed participant modules, presentations and digital learning resources for two training cohorts.
- Facilitated foundation-level software development training and managed course resources at Ntare School - Mbarara.
- Designed, administered and graded continuous and summative assessments, providing feedback to support learner progress.

ICT Content Developer and Training Consultant | PEAS Uganda / MTN Foundation Uganda

Mpigi District | March - April 2025

- Co-developed a five-day ICT Training-of-Trainers curriculum covering digital literacy, technology-enabled pedagogy, online safety and digital assessment.
- Facilitated practical ICT empowerment training for 30 lead teachers, aligned with Uganda's New Lower Secondary Curriculum.
- Trained participants in Google Workspace, Microsoft 365, digital assessment, ethical internet use and digital portfolio creation.

Web Developer and EduTech Training Consultant | Sharebility Uganda

Kampala, Uganda | May 2021 - Present

- Develop and manage web-based educational platforms, company servers and WordPress websites.
- Manage and develop content for the Sharebility Kolibri learning platform.
- Design customised EduTech programmes and train educators and clients in website management and digital-content creation.
- Facilitate partner workshops with organisations including UNICEF Uganda and Edify Uganda.

Assistant Lecturer | Bugema University

Luwero, Uganda | August 2023 - July 2025

- Designed and facilitated ICT training for university students and faculty and contributed to digital-learning content and curriculum improvement.
- Supervised ICT-based student research and guided faculty members in integrating technology into pedagogy.

ICT and Mathematics Teacher / Careers Master | Bugema Adventist Secondary School

Luwero, Uganda | January 2023 - May 2025

- Taught ICT and Mathematics with an emphasis on practical digital skills and career readiness.
- Developed a School Management Information System, managed the school's website and trained teachers in ICT-enhanced lesson planning.

ICT Trainer | Maaji Seed Secondary School - Windle International / UNHCR

Adjumani, Uganda | June - December 2022

- Delivered ICT capacity-building workshops for teachers and students in a refugee-settlement education programme.
- Managed school ICT infrastructure and trained learners in digital literacy and Karl Popper Debate.

ICT and Mathematics Teacher | Bugema Adventist Secondary School

Luwero, Uganda | January - May 2022

- Taught ICT and Mathematics, developed the school website and supported the school network and information-management system.

Director of Studies and Head of ICT | Bugisu High School

Mbale, Uganda | August 2016 - May 2021

- Led academic planning and teacher ICT training, promoting effective use of technology in lesson delivery.

- Developed the school information-management system, digitised records and coordinated UNEB e-registration.
